

GAC SERIES GRANULARACTIVATEDCARBON CARTRIDGES

GAC Series cartridges effectively reduce unwanted tastes, odor and chlorine taste & odor from your drinking water. They are designed to allow maximum contact between the water and carbon, ensuring maximum adsorption.

The construction of the cartridge allows water to enter at one end and pass through the entire length of the carbon bed before exiting the other end of the cartridge, while an internal expansion pad minimizes channeling or bypass. Before the water exits the cartridge, a post filter helps reduce carbon fines and other suspended particles from the filtered water. The post-filter is permanently fastened to an innovative support basket ensuring that it is firmly secured and eliminating any potential for bypass.

GAC Series cartridges are available in a variety of sizes and flow rates, and effectively provide good general-purpose drinking water filtration.

Features

- Effective bad taste & odor and chlorine taste & odor reduction
- High quality coconut shell Granular Activated Carbon
- Designed for maximum adsorption
- Post-filter to reduce carbon fines

Product Code		Case	Dimension(CM)	Ship Weight
WEWGAC-10WNB	10" Granular Activated Carbon Cartridge white & Blue	25	40X40X27	14kgs
WEGAC-20WNB	20" Granular Activated Carbon Cartridge white & Blue	15	40X25X52	21kgs
WEGAC-10WTC	10" Granular Activated Carbon Cartridge, white	25	40X40X27	14kgs
WEGAC-10CLC	10" Granular Activated Carbon Cartridge,Clear	25	40X40X27	14kgs
WEGAC-10BLU	10" Granular Activated Carbon Cartridge,Blue	25	40X40X27	14kgs
WEGAC-10WNB-BB	10" Granular Activated Carbon Cartridge big blue white & Blue	12	40X27X54	24kgs
WEGAC-20WNB-BB	20" Granular Activated Carbon Cartridge big blue white & Blue	6	40X27X54	24kgs

GAC-PK Series
